To everyone at Greenlight Recycling Solutions, we can't say thank you enough

Dear Tony,

Thank you so much for your recent fantastic donation of £153 to Macmillan Cancer Support, which you raised by recycling printer cartridges. Please pass on our thanks to everyone who donated their used cartridges, as with all of your generosity we'll be able to reach more people with our life-changing support.

Cancer is the toughest fight most of us will ever face. There are currently two million people living with cancer in the UK, and with improving treatments we expect that number to double by 2030. This means we'll need to provide support to more people than ever before.

We're here for everyone who needs us

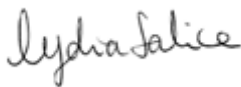

We already reach thousands of people every day. In 2011, the experts on our Macmillan Support Line answered more than 130,000 calls and emails from people who had questions about cancer, needed support or wanted a chat. And our Macmillan helpline benefits advisers reached almost 19,000 people, helping them to receive more than £39 million in benefits they were entitled to.

Support every step of the way

Our team offers support every step of the way. We are the nurses and therapists helping people through treatment. The information and support centres offering free and confidential information. The campaigners improving cancer care. The online community always giving support. And the fundraisers, like you, who make it all possible. Together, we are Macmillan Cancer Support.

Thank you for being part of the Macmillan team. We couldn't do it without you.

Best wishes
